

Pricing tiers for Solarize Research Triangle  
 Updated April 24, 2015

The matrix below describes the base prices for Solarize Research Triangle. The rows signify the size of the individual installation. The columns signify the kW under contract as part of the Solarize Research Triangle project. On the last day of the contracting period, the kW of all contracts are summed and the pricing tier is set.

For example, at the start of the program, the Tier 1 price for a 6 kW installation is \$ 3.82 per watt. If on the contracting deadline, the Solarize Research Triangle has 70 kW under contract, then the price goes to Tier 2: \$3.73 per watt.

(\$/W)	Tier 1: 0 - 49.99 kW	Tier 2: 50 - 199.99 kW	Tier 3: 200 - 300 kW	Tier 4: > 300 kW
< 3kW	4.16	4.06	3.98	3.90
3 -- 4.99 kW	3.95	3.82	3.75	3.61
5 -- 7.99 kW	3.82	3.73	3.67	3.57
8 -- 11.99 kW	3.71	3.65	3.59	3.41
12 -- 14.99 kW	3.50	3.46	3.40	3.37
15 -- 19.99 kW	3.46	3.42	3.35	3.30
20 -- 30 kW	3.40	3.34	3.29	3.23

These prices represent the base price, without any additional adders. Some adders, such as moving vent pipes, may be needed to improve your solar production. Others, such as web based monitoring, are options. Here is the list of adders and prices:

\$.15 per watt	Suniva (US-based company) panels
\$300 flat fee	Web based monitoring
\$800 flat fee	Steep roof (greater than 7:12 pitch)
\$800 flat fee	Third story roof
\$.04 per watt	Annual maintenance policy
\$200 per pipe flat fee	Moving vent pipes
\$.26 per watt	SolarEdge optimizer for partially shaded roofs
\$200	SMA Secure Power Supply
Included	Utility interconnection request fee

## Solar equipment installed as part of Solarize Research Triangle

### Modules (PV panels)

REC Modules: Headquarters in Norway, manufactured in Singapore, REC 255W/260W Peak Energy Black, 10 year warranty

Suniva Modules: Headquarters and manufactured in Norcross, GA, OPT-270-60 270W module. 10 warranty.

Renesola Modules: Headquarters and manufactured in China. 10 year warranty. 255W.

### Inverter

SMA Inverter: Headquarters and manufactured in Germany, SMA SunnyBoy TL Inverters, 10 year warranty

SMA Monitoring: Headquarters and manufactured in Germany, 10 year warranty

SolarEdge Inverter: Headquarters in Israel, manufactured in Israel and Singapore, Solaredge SE -US Family of Single Phase and Three Phase Inverters, 10 year warranty.

SolarEdge Monitoring: Headquarters in Israel, manufactured in Israel and Singapore, 10 year warranty and free subscription for 25 years

### Mounting

SnapNRack Mounting System: Headquarters in California, manufactured in California, SnapNRack Series 100/200 racking, 10 year warranty

Unirac Mounting System: Headquarters in New Mexico and manufacturing in USA and Canada. 10 year warranty. Solar Mount and Sun Frame.
